

Are You Following Christ's Call To Make Disciples?

*Are Others Lives Being
Changed as a Result?*

**A Changed Life
Needs a Helping Hand!**

Isaiah 6:8 says we are the clay and He the potter. God's the one that works in our lives. Yet He uses others to shape us!

This shaping process is called growth. Paul says in 1 Corinthians 3:6 that while God made them grow spiritually, it also involved him (Paul) planting the seed and Apollos watering it. Jesus also taught parables about seeds and growing. And He went on to say **the harvest is plentiful, but the laborers are few.** That means there are more people that need to know Christ and grow in Him than there are people to help them! Would you like to be part of the solution to that?

You Can! How? By:

- 1. Walking with God daily (Quiet Time and Obedience).**
- 2. Praying for Opportunities...**
- 3. Getting to Know Others and Meeting Needs. Serve Others.**
- 4. Sharing (and Modeling) Spiritual Truth with Them.**

The need is for more laborers, more workers in the harvest. People who walk with God daily, share their faith with others and teach others to grow! **Jesus called His followers to do this by making disciples** (Matthew 28:19-20) - People who follow the Savior and whose lives are like His. **God wants us all to be part of making disciples.** Would you like to do that?

Begin Helping Others!

All of us have 24 hours in a day, but we all need to sleep, work, and have family responsibility. Yet **we can all set aside some time to spend with others (or use time when we are with others) so they can see our light shine and so we can help them spiritually** (Matthew 5:16). It could be your weekday lunch hours or weekend breakfast times to meet with people individually at restaurants to help them. Or teach a small group at your home. People all around you could use spiritual input - neighbors, co-workers, people at church, school, family members, relatives. Anyone, really! And if you need help yourself first, God can teach you first so you can then help others!
